Face Masks

It is very important that everyone continue to wear face masks. We are trying very hard to keep everyone safe. Some employees have reportedly been in common areas with masks not covering their nose and mouth, or masks resting on their chins.

You mask **must** be covering your nose and mouth at all times in all common areas and in places where you are unable to maintain social distancing. Please be sure that your mask snugly covers your nose and mouth. Please, protect yourself and others!

Failure to wear a mask will result in disciplinary actions.
